DETAILED ACTION

Election/Restrictions

1. Applicant's election of the Group II claims in the reply filed on August 9, 2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. This application is in condition for allowance except for the presence of claims 39 to 71 non-elected without traverse. Since claims these are not commensurate in scope with the allowable group II article claims 72-84, the claims are not subject to rejoinder under MPEP 821.04. Accordingly, claims 39-71 have been cancelled.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS

Cancel non-elected claims 39-71.

Allowable Subject Matter

4. Claims 72-84 are allowed over the prior art of record.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

The primary reasons for allowance are applicant's filing of a terminal disclaimer over copending US Patent applications 10/448,947, 10/055,138 and 10/196,611; applicants' statement that US Patent Application 2003/0139000A1 and the instant application were commonly assigned at the time of inventorship; and applicants arguments regarding the 103 rejection over US 6,515,335 (Christiansen).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
